

IMPORTANT STATIONERY NEWS!

MTA has recently received a number of calls from members who have had visits from safety signage salesmen in the past few months. Not only have members been surprised by the high cost of signage, they have also been confused by which signs are to be displayed in the workplace.

As a result, MTA has investigated all recommended safety workplace signage and is happy to announce this new product line at very **SPECIAL MEMBER ONLY RATES!**

Contact Sarah in MTA Stationery for a full list of signs now available on (02) 9213 4202 or visit our online shop at www.mtansw.com.au (members will need to log in to receive discounts – please contact Sarah for your username and password).

A few examples of the exciting new signs MTA has to offer:
