

## **Apprenticeships for the Coming Year.**

In our continuing effort to support the Automotive Industry MTA Apprenticeships Plus in conjunction with the Australian Federal Government a running a series of Pre Apprenticeship courses for young people interested in joining the automotive trades.

### **How does this benefit you?**

Participants are trained in various aspects of the automotive field including Occupational Health and Safety and, automotive tooling and Set up Service operations.

This gives you , the employer the opportunity to take on an apprentice with pre existing skills and training as well as a genuine eagerness to join the industry and an understanding of Occupational Health and Safety in the workplace.

### **NO COST Automotive Induction for new Apprentices!**

**As an added benefit to MTA MEMBERS;**

MTA Apprenticeships Plus is offering NO Cost Automotive Induction for Apprentices starting work February and March . Apprentices will be provided with 3 days of in depth training with a registered training organisation and then handed back to you to begin employment.

**Why run the risk of starting a new employee without a Quality Induction?**

**Protect yourself at NO COST. \*Conditions apply \***
